Dear Friend,

PROJECT WITCHES PROTECTION (PWP) is the first of its kind to consistently educate law enforcement and all city officials of the CIVIL RIGHTS OF WITCHES. From our HEADQUARTERS IN SALEM, MA, it is our job to avert prejudicial situations in your work or neighborhood. We need justice. One part of our mission is to keep the media from putting forth an incorrect image of Witches.

We do the work, but your support will make all this possible. Your generous gift today will help us make a difference. We are committed to make the world safe for Witches everywhere. WE WON'T STOP until our message is heard.

As volunteers, we need you on the front lines to help pay for printing and mailings. Your gift is a pledge and a promise you are making to do all that you can to STOP PREJUDICE, to stop children from being taken from their parents, to stop loss of jobs. You can help to speak for the Witches of America.

Pledge: Yes, I want to help fight prejudice against Witches. I've enclosed a generous gift of:

___ \$25.00

___ \$40.00

___ \$55.00

___ other

Thank you in advance for your contribution and support.
